

Just like you, we are closely monitoring all global developments regarding the novel coronavirus COVID-19.

We know that people's day-to-day lives are disrupted right now, and this is likely to become significantly worse. In line with Government advice Mimosa have taken the following precautions to ensure our service continues as seamlessly as possible during this challenging time.

Changes to our operating hours:

We have taken the decision to cease lunchtime trading but will be offering dine in service for dinner between 5:30pm to 9:30pm and delivery service between 5:30pm to 9:30pm. On Mother's Day (22nd March) we will be taking bookings for lunch/dinner between 12pm to 7pm.

Preventative measures within our restaurants:

Within our premises all touch points and surfaces are continuously disinfected and sanitised every hour. We have updated and are implementing our daily cleaning regime in line with advice from Public Health England and the Chief Medical Officer in order to prevent the virus from spreading. We are continually following a strict regime of washing hands, sanitising tables and wearing gloves when needed to prevent the spread. Hand sanitisers are available by the till point and buffet station.

Business Approach:

We are a family run, local business built on agility and dynamism and we have been identifying risk and contingency planning since our inception. Business-wide, we are prepared and confident that we can deliver our customers the consistent, quality service you have always enjoyed, regardless of the conditions the coronavirus outbreak may create.

Obviously, the health of all our staff and clients is of the utmost importance to us, and we have kept this at the forefront of our approach to the coronavirus outbreak. If you need any help or support, please do not hesitate to get in touch.

Stay safe,
